Other versions of this product are available for the following manufacturers:

Aastra

Alcatel

Avaya

Polycom

Siemens

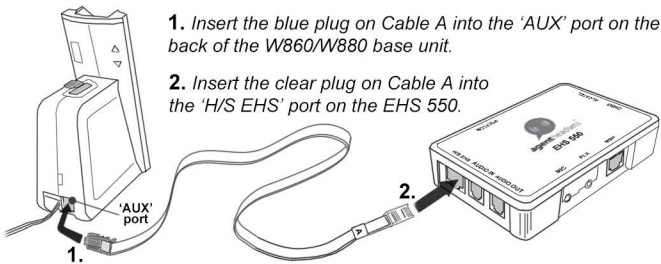

Toshiba

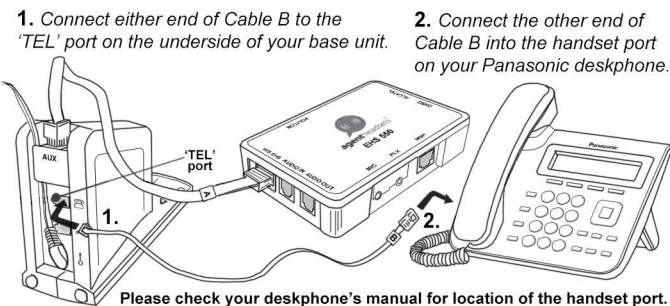

To check which handsets from each manufacturer are compatible, please visit the accessories section of our website: www.agentheadsets.com

Step 1: Connect Cable A

1. Insert the blue plug on Cable A into the 'AUX' port on the back of the W860/W880 base unit.
2. Insert the clear plug on Cable A into the 'H/S EHS' port on the EHS 550.

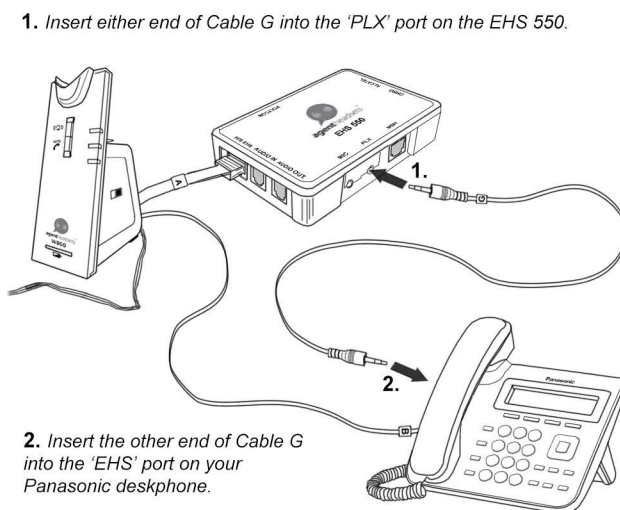

Step 2: Connect Cable B (Cable B is supplied with your Agent W860 or W880)

1. Connect either end of Cable B to the 'TEL' port on the underside of your base unit.
2. Connect the other end of Cable B into the handset port on your Panasonic deskphone.

Please check your deskphone's manual for location of the handset port.

Step 3: Connect Cable G

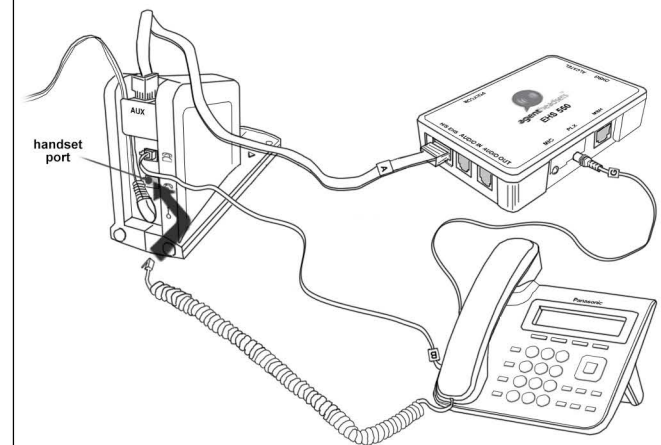

1. Insert either end of Cable G into the 'PLX' port on the EHS 550.
2. Insert the other end of Cable G into the 'EHS' port on your Panasonic deskphone.

Please check your deskphone's manual for location of the 'EHS' port.

Step 4: Rewire handset cable

Unplug the handset cable from the base of your Panasonic deskphone and plug it into the handset port on the underside of your W860/W880 base unit.

Your EHS 550 will now be ready for use with your Agent W860 or W880 and Panasonic deskphone. If you encounter any problems setting up or operating your products, please call Agent headsets on 0845 873 8085.
